NEW ENGLAND ROAD SALE.

Bought in by the Road's Reorganization Committee for \$5,000,000—Brief Sketch of a Most Successful Piece of Financial Work.

Hartford, July 9.—The New York and New England railroad was sold to-day in the United States court to John W. Simpson, the attorney representing the committee on reorganization. There was no excitement and only one bid. Commissioner Frank P. Lowrey conducted the sale. He called for bids and Mr. Simpson bid \$5,000,000. There was no response to the call for other bids, so the sale was declared. A certified check for \$100,000 on the Chase National bank of New York city was given to Commissioner Lowrey to bind the sale. Those present then dispersed. Besides Attorney John W. Simpson and Thomas Thatcher for the reorganization committee, Messrs. Kingsbury and Hart of the New England road directory attended, and also a number of local business men. The reorganization committee are Messrs. John L. Waterbury, H. W. Cannon and T. Jefferson Coolidge.

No news of importance relative to the control of the stock could be gained. Vice President Hall of the Consolidated road was not present, but in New Haven he declined to enlighten the Associated Press reporter regarding the deal. Mr. Hall said he did not know who has gained control. The reorganization committee have the power to form a board of directors, and this board will call a meeting of stockholders. At that meeting the question will be answered as to who controls the road, providing that the control does not send proxies, whose position cannot be determined.

SUCCESSFUL WORK.

New York, July 9.—The sale of the New England road and its purchase by the reorganization committee mark the concluding steps in what is regarded as a most successful reorganization. The reorganization committee of the New England Railroad company consists of John L. Waterbury, president of the Manhattan Trust company of this city; J. T. Coolidge, Jr., president of the Old Colony Trust company of Boston, and ex-Comptroller Henry W. Cannon, president of the Chase National bank of this city. When the road was placed in the hands of the receivers the stock sold down to \$3 per share. The reorganization committee took hold of the company and formulated a plan for its reorganization which involved an assessment of \$20 per share. The stockholders deposited their securities with the reorganization committee and paid the assessment. Within a month or six weeks of the stock cannot yet be told. J. Pierpont Morgan and interests identified with him have been credited with doing so, but whether in the interest of the New Haven or the New York Central road cannot, of course, be learned yet. It was said this afternoon by those in a position to know that the completion of the reorganization of the company, the formation of a new corporation to take over the property from the reorganization committee, etc., would probably take a month or six weeks. Until the securities of the new company are exchanged for the old ones, it will not be definitely known who controls the New England company.

FAIR HAVEN.

The annual Sunday school picnic of the Grand avenue Baptist Sunday school was held at Hanover Park, Meriden, yesterday. They were accompanied by about sixty-five of the First Baptist church, making a party of about 300 in all. In spite of the showery weather a very enjoyable time was had. Much credit is due to the following chairman of committees: Superintendent Smith, C. Knowles of the picnic committee; H. Cook, game committee; Mrs. Siebert, tea and coffee committee; Mrs. French, table committee; William Preston, ticket committee. There were a number of interesting athletic contests between the young people of both Sunday schools. Winners and prizes obtained are as follows: 100 yards dash for boys under fourteen, Harry Benham of First Baptist, prize, negligee shirt. 100 yards dash for boys over fourteen, Mark Hare of Grand avenue school, prize, necktie. 100 yards rope skipping contest for girls, Pearl Potter of Grand avenue, prize, box of candy. Four-legged race, Arthur Dwyer, Charles Leigh of First Baptist, prize, baseball. One-legged race, John Myers of Grand avenue, prize, straw hat. One-legged race for large boys, Wallace Grant of First Baptist, prize, jumping jack. Throwing baseball, girls' contest, Happy Hines of Grand avenue, prize, washboard. Running broad jump, Harry Cook of Grand avenue, prize, Jackknife. Running high jump, Joe Applegate of Grand avenue, prize, baseball. Apple string chewing contest for girls, Ruth Hitchcock of Grand avenue, prize, chewing gum. Potato race for girls, Ruth Hitchcock of Grand avenue, prize, box candy. Boat race, George Merwin and George Gillette of First Baptist. The party returned at about 7 o'clock.

THE STAMFORD TYPHOID CASES.

The Action Against Blackham Nolle Prossed.

Stamford, July 9.—Prosecuting Attorney Carlton to-day entered a nolle prossed in the case of Henry J. Blackham, who was charged with manslaughter in causing the death by typhoid fever of a number of people here. The reason for the nolle prossed is the refusal of Dr. Thatcher Pruden of New York, who made the bacteriological analysis, to testify or make a deposition beyond the mere facts that he ascertained by the analysis. The case of the state rested wholly upon this evidence.

FEW KNOW ABOUT THE SHAKERS.

An Interesting, God-fearing People Who Have Given the World Many Important Discoveries.

We may not accept their peculiar religious beliefs nor can we enter into the spirit of their sacrifices. It is not necessary to believe as they do, but we can and do respect their sincerity of purpose and the honor and uprightness which mark all their business dealings. The Shakers have always been successful inventors and some of the greatest of the convenience of the present day found origin in their settlements. In one particular they excel all other men or classes of men, and that is in the cultivation of medicinal herbs and plants and their preparation for use. They have made it a study for more than a hundred years. It is one of their peculiar industries. Their lives have been devoted to it.

Their latest and greatest achievement is the Shaker Digestive Cordial. It is not offered as a cure for all diseases. It does not pretend to be, but one disease it will cure, and that is indigestion.

Sufferers who resort to its use have not long to wait to see the result. The effect is almost immediate. The first dose usually gives relief and if continued a permanent cure will follow.

It not only contains already digested food, but it digests food as well, thus toning up the general system. An interesting pamphlet is now being issued by the Shakers and can be had for the asking at almost any drug store.

GRAND EXCURSION TO-DAY.

Of West Side Club to Watch Hill, R. I. The third annual excursion of the West Side club to Watch Hill to-day will afford a grand opportunity to visit that well known summer resort. The sail is delightful, with a little ocean swell to make it interesting. The boat will leave Belle dock at 8:30 sharp. Take Chapel street cars right to the dock.

Beside the many points of historical interest located at Watch Hill is a United States life-saving station, with all working appliances, which is open for visitors at all times. Admittance is free. The station is a fine structure and among the selections to be played is a two-step which the author has dedicated to the club.

DO FOR GLEN ISLAND.

Caledonian Club, Manchester Unity, A. O. U., Dorset Lodge, and Others to Go on Thursday.

What is expected to be one of the greatest and most enjoyable trips to Glen Island this season will take place on Thursday, when the John H. Starin will sail away with the members and friends of the New Haven Caledonian club, Manchester Unity, Independent Order of Foresters, Dorset lodge and the Second company of the Blues.

Drowned at Branford.

Branford, July 9.—The body of John Hinks, a locksmith employed at the Yale & Towne Manufacturing company's factory, was found floating in Branford river a short way below the factory about 10:30 this morning. Hinks was about fifty-five years of age and had resided here for many years. He was a widower and leave several children. It was first supposed that Hinks' death was due to accident or foul play but later it was learned that James F. Bradley, one of the dead man's most intimate friends, had received a letter this morning from Hinks stating that he was going to commit suicide. The letter was dated yesterday afternoon. Hinks boarded with Andrew Cochran.

BEING ORGANIZED.

An Episcopal Boys' Brigade. Bridgeport, July 9.—Rector W. H. Lewis of the St. John's Episcopal church is organizing the boys and young men of his parish into a brigade and they will undergo military training. He says this work should not be left to parochial schools and Catholic institutions alone. Episcopal churches throughout the state, he says, will follow his example.

Against Barbed Wire Fences.

Bridgeport, July 9.—Alderman Schreiber has begun a vigorous war against property owners who have barbed wire fences in front of their property and will introduce a resolution at the next meeting of the city council requiring them to be taken down. Owners of attractive grounds say this is the only way to keep flower thieves off, and will resist the threatened action of the council. There is a statute against erecting barbed wire fences on property fronting a highway within five feet of the ground, but no penalty is fixed for its violation. Local property owners say they will test its constitutionality.
